

# Using **OverDrive** eBooks with iPad

## For First Time Use

Navigate to the App Store on your iPad/  
iPhone

Search for and Install the Overdrive Media  
Console

Click on Free and then Install. You will be  
prompted for your Apple ID to install the app.

Press the Overdrive icon to open the app.

Upon first start-up enter your Adobe ID if you  
have one or choose to Create a new Adobe  
ID.

Press the Get books button in the top right  
corner  
Press Add a library, search for your library  
(West Haven) and add it.

You can now search for available Overdrive  
materials.

## To Borrow Materials

Search for items compatible with the iPad, either in epub or PDF formats.

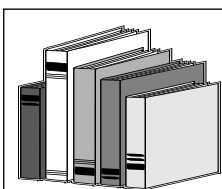

When you've selected materials, save it to your cart. If it says add to wishlist, it means  
someone already has it checked out.

When ready to check out, you will be prompted for your library card number, then confirm  
checkout.

Press download to get the item. The item will then download directly in Overdrive App.
