

West Haven Library

COLLEEN BAILIE, Executive Director

WEST HAVEN, CT 06516

March 8, 2021

As we finish our first year of navigating in the world during a pandemic, there are many positive things happening which will help move us back toward a more normal life, but it is important to continue taking care to minimize the spread of COVID 19. As Governor Lamont has included libraries among the various businesses and services which will no longer be subject to capacity limitations, effective Friday, March 19, 2021, West Haven Library will continue operating under our current parameters.

Under our current guidelines:

- All departments are open via appointment
- Computer usage and material browsing are limited to one hour
- Limited seating is available in the circulation area
- Reference services are available via phone, chat and in person
- Parking lot pick up is available for materials and take home craft kits and activities

The Library will continue to require face coverings, social distancing and limit patrons to one hour in the building. It is our goal to provide access to library services in an environment that is healthy and safe for our community and our workers. **We will continue to monitor the average daily rate of COVID-19 cases in West Haven, combined with the local rate of vaccination as we move toward safely expanding library services in the coming months.**

Stay Safe West Haven!
